Travelling to Cambridge
Cambridge is a small and busy city – the roads in and around the city centre often get congested and parking is very limited. Therefore, it's best to travel into the city by public transport.

By car: We advise that visitors arriving by car use the Park and Ride services (www.cambridgeparkandride.info). Visitors from the north can also use the Guided Busway P&R – follow the signs for Longstanton P&R from Junction 29 of the A14 (www.thebusway.info).

Disabled parking is available in the city's car parks and on some streets. Please check details in advance with the Tourist Information Centre (G5, www.visitcambridge.org) and visit www.cambridge.gov.uk/parking.

By train: Cambridge (CBG) railway station (J7) is approximately a mile/20 minutes' walk from the city centre. There are bus stops and a taxi rank in front of the main entrance – buses run every 10–20 minutes to St Andrew's Street (returning to the station from Emmanuel Street (H5) or Silver Street (G5), see below).

Cambridge North (CMB) railway station (not on map) is approximately three miles north-east of the city centre. Buses run from Cambridge North to the centre every 10–20 minutes.

By bus:
National bus services stop on Parkside, Parker's Piece (I5).

Getting around Cambridge
The University's faculties/departments and the Colleges are situated across Cambridge, though most are within walking distance of the city centre.

As Cambridge is fairly compact and better suited to pedestrians and cyclists than vehicles, wherever practical and possible we recommend getting around the city on foot or by bike – these are often the quickest means of transport and also are best for getting a sense of the city.

The 'U' Universal bus service runs from Eddington, next to the Madingley Road P&R site (B2), through to our Biomedical Campus from Monday to Saturday, and from Eddington to Cambridge Railway Station on Sundays. For information about the Universal and other local bus services, see www.cambridgeshire.gov.uk/buses.
