Tier 4 visa application guidance – applying inside the UK (Leave to Remain)
Tier 4 leave to remain application

- This document is intended to provide guidance to University of Cambridge students on completing a Tier 4 visa application from inside the UK (Leave to Remain). It has been prepared by the University’s International Student Office using screen shots from the Tier 4 online form on the Home Office website.

- You must be inside the UK to make this application, and this is the first question the online form will ask you.

- Students are advised to read the Tier 4 visa application guidance on the University’s webpages as well as on the gov.co.uk website, including the Tier 4 Policy Guidance prior to making an application.

- Apply online to extend your current immigration permission to a Tier 4 (General) student visa using the following link:

  https://visas-immigration.service.gov.uk/product/tier-4-student

  Once you have logged in and created a password you will have 10 weeks to submit your application.

- If you currently hold permission in another immigration category, you will need to check you are eligible to switch into Tier 4 from inside the UK on the UK Visa and Immigration website.

- After 25 minutes of inactivity you will be automatically logged out.
If you are coming from another UK University to start a new course at Cambridge

You must make a new Tier 4 application before starting your course at Cambridge. You are able to start your course at Cambridge once you have made a new Tier 4 application and whilst the decision is pending.

If you have already been studying at Cambridge and applying for a Tier 4 visa for a new course

You are able to start your new course on your existing visa, if that visa does not expire until after your new course start date, but you must make a new Tier 4 application within six weeks of your official course start date or before your current visa expires, whichever is earlier.

If you already have a visa to study a PhD at Cambridge and are applying for a Tier 4 extension to complete your studies

You must make the new application prior to your current visa expiring and you will then be able to continue your studies with a pending application.
Tier 4 leave to remain application:
Guidance to read before beginning your application

If you have submitted any other applications to the Home Office which have not yet been decided then submitting this application renders those previous applications invalid. This means that only the application you are currently completing will now be considered.

**Note about timeframes**

The standard advertised timeframe for Leave to Remain applications is 8 weeks.

The decision will be sent to the address you have used in the application.

If your application has been successful, your BRP will be sent to you separately. This can take up to a further 10 days after the decision on your application.

Priority and super priority services are available at additional cost.
Confirm location and visa application type

You will first be asked to confirm that you are currently in the UK. You will also be asked whether you have any current applications for leave to remain which you have yet to receive a decision on.

Register your email

You must register your email address and create a password. You will then be emailed a link to enable you to return to your application at a later stage, if you wish. You can add an additional contact email address if you wish.

Remember to save each page as you complete the application form.

As you go through the application, you will be able to review and change your previous answers if required, or log out and return to the application at a later stage via the link emailed to you.

Tier 4 leave to remain application

If you have dependent family members with you in the UK we first advise that you read our webpages on Tier 4 dependants.

The Home Office advises, where possible, for dependants to apply at the same time as the student. If this is not possible then your dependants can apply once you have the outcome of your application, as long as their own immigration permission has not expired by then.

The application enables you to add dependants so they are attached to the same application. You will have to complete a separate online application information and pay the application fee and Immigration Healthcare Surcharge for each dependant.

Leave to remain application

As part of the online application you will be able to upload supporting documents and book an appointment to have your passport scanned and enrol your biometrics. You are required to attend an appointment to enrol your biometrics within 45 days of submitting your online application.

The Home Office uses UK Visas and Citizenship Application Services (UKVCAS) to manage the appointment system. Appointments are offered in different locations and the cost varies depending on where you select. Appointments are subject to availability and therefore may not be available at your preferred location.

When booking an appointment with UKVCAS you will be required to set up a separate account (this includes having an access code sent to your email address).

After booking your appointment you will be able to upload your supporting documents. We encourage you to do this, as you may be charged an additional fee to have supporting documents uploaded at your appointment.
Your biometric appointment can be booked at either a Core Service Point or an Enhanced Service Point:

- An appointment to have your passport scanned and enrol your biometrics at a Core Service Points is free of charge during core operational hours. The nearest Core Service Point is in Croydon, London. There is an additional charge of £35 to have other supporting documents uploaded so you are advised to do this online prior to the appointment. How quickly you will be able to secure an appointment is subject to availability. Appointments outside of core hours may be available at a cost.

- There is an Enhanced Service Point in Cambridge Central Library in the Grand Arcade. There is an additional £60 charge to book an appointment. Appointments available outside of core hours may be available at an increased charge. How quickly you will be able to secure an appointment is subject to availability.
